- Results: Matching Clusters**

[Start a new assessment](#)

These career clusters match your interests. The clusters that are likely to be the best match for you are listed at the top of the list. Clusters with the same number of total matches are listed alphabetically. They may continue onto the remaining match list. Be sure to review both lists.

Click on a career cluster to learn more about it and explore related careers. This will take you away from these results. Use your back button to return. To change your results, use the back button or the links on the left to go back and change your answers.

Top Matching Career Clusters

Total Matches	Career Cluster
10	<u>Agriculture, Food, and Natural Resources</u> Agriculture, food, and natural resources workers produce agricultural goods. This includes food, plants, animals, fabrics, wood, and crops. You might work on a farm, ranch, dairy, orchard, greenhouse, or plant nursery. You could also work in a clinic or laboratory as a scientist or engineer.
8	<u>Architecture and Construction</u> Architecture and construction workers work on buildings and other structures. This includes highways, bridges, houses, and buildings. You might create the designs or plans for new structures. Or, you might use the plans to build it or manage the workers on the project.
8	<u>Manufacturing</u> Manufacturing workers work with products and equipment. You might design a new product, decide how the product will be made, or make the product. You might work on cars, computers, appliances, airplanes, or electronic devices.

Remaining Career Cluster Matches

Total Matches	Career Cluster
7	<u>Education and Training</u> Education and training workers guide and train people. As a teacher, you could influence young lives. You could also support the work of a classroom teacher as a counselor, librarian, or principal. You could coach sports activities or lead community classes.
7	<u>Marketing, Sales, and Service</u> Marketing, sales, and service workers help businesses sell products. You might advertise and promote products so customers want to buy them. Or, you might sell products and services to customers.
6	<u>Health Science</u> Health science workers promote health and wellness. They diagnose and treat injuries and disease. As a physician, dentist, or nurse, you could work directly with patients. You could also work in a laboratory to get information used in research or provide administrative support by keeping medical records.
6	<u>Information Technology</u> Information technology workers are in a growing and always changing field. You might work with computer

hardware, software, multimedia, or network systems. You might design new computer equipment or work on a new computer game.

Law, Public Safety, and Security

Law, public safety, corrections, and security workers are found in a variety of settings. For example, you might guard the public and enforce the law as a police officer or security guard. Or, you might provide fire protection as a firefighter.

Science, Technology, Engineering, and Mathematics

Science, technology, engineering, and mathematics workers do scientific research in laboratories or the field. Others plan or design products and systems. Or, you might support scientists, mathematicians, or engineers as they do their work.

Arts, A/V Technology, and Communications

Arts, audio/video technology, and communications workers use creativity and their talents on the job. You might work for an audience as a performer or artist. This includes painters, dancers, sculptors, actors, and singers. Or, you might work behind the scenes to make a performance successful. This includes set designers, editors, broadcast technicians, and camera operators.

Hospitality and Tourism

Hospitality and tourism workers help people enjoy vacations and entertainment activities. You might work at a restaurant, resort, sports arena, theme park, museum, or hotel. For example, you might manage operations of a college cafeteria, guide high school students on a trip to Spain, or rent equipment at a recreation center.

Transportation, Distribution, and Logistics

Transportation, distribution, and logistics workers move people and products by road, air, rail, and water. You might work as a driver, pilot, engineer, or captain. You might repair or maintain the vehicles, trains, planes, and ships that move people and products. Or, you might work behind the scenes to make sure the products and people get to the right place on time.

Government and Public Administration

Government and public administration workers help pass and enforce the law. You could work in national, state, or local government. You will find almost every type of occupation within the government, including some jobs that are only found within government.

Human Services

Human services workers help individuals and families meet their personal needs. You might work in a government office, hospital, nonprofit agency, nursing home, spa, hotel, or school. Or, you might work in your own home.

Business, Management, and Administration

Business, management, and administrative workers give the support needed to make a business run. You might check employee time records or train new employees. Or, you might work as a top executive and provide the overall direction for a company or department.

Finance

Finance workers keep track of money. You might work in financial planning, banking, or insurance. For example, you might provide financial services to a business or individual. Or, you could maintain financial records or give advice to business executives on how to operate their business.
